

**INTERNSHIP
Position**

MARKETING & MULTI-MEDIA COMMUNICATIONS INTERN

Location: Our The Hague Office **-Start:** Direct **-Duration:** Flexible

Ndassie Solar is currently looking for bright, ambitious people who want to learn about social and environmental business while contribute to development of a new Company in the field of marketing, sales and social media in the way to ensure that the post is beneficial to both the intern and Ndassie Solar.

Your responsibilities:

As multi-media intern, you will support the team in a diverse range of day-to-day tasks from updating the website, to developing our online and social media presence and assisting in marketing exposure.

Optionally, you can work on a wide range of activities including;

- ⇒ Formatting materials for print and online marketing,
- ⇒ Creating communication materials and developing videos and podcasts for our online channels.
- ⇒ Provide research on potential and existing clients and the competitive landscape
- ⇒ Managing and following up digital marketing campaigns
- ⇒ Assist in identifying potential business opportunities
- ⇒ Monitor news and developments impacting key clients and prospects

Remuneration

This is an unpaid internship position. However we don't pay a salary, we do provide expenses reimbursement and help the students to get academic credits when possible. We have provided over 50 internships over the past years for students from US, Europe, Asia and Africa. We work with many famous universities, High schools, Professionals institutions within various programs.

As a company expanding globally, there is creation of employment at a future date; therefore, interns will be strongly considered for full time positions after completing internship.

We offer an exciting, multicultural and challenging work environment and joining Ndassie Solar Team will give you the opportunity to:

- ⇒ Get involved in a fast-growing startup
- ⇒ Work in a diverse, social-oriented and dynamic environment
- ⇒ Join a network of world change-makers!

About Ndassie Solar

Ndassie Solar is, a young producer of simple technology, engaged in taking innovation to the world's most remote communities. Our mission is to ensure that outdoors, travellers, war refugees camps, disaster victims and rural population never lack energy for domestic lighting and phone charging.

Ndassie Solar is currently expanding in more than 10 countries and we are quickly escalating to more markets. We aspire to build strong networks of green socio-technology-lovers worldwide while acting locally and joining Ndassie Solar team is contributing to this noble mission.

If you believe that's your next challenge and you are ready to contribute for a better world!
